## Laboratory Authorization

No.: TBM 384

**Laboratory:** Tecnowind S.p.A.  
Piani di Marischio 19,  
60044 Fabriano (AN),  
Italy

**The Authorization covers:** Safety testing of household and similar electrical appliances.  
Particular requirements for range hoods – IEC/EN 60335-2-31

Nemko has assessed the concerned testing facilities, qualifications, procedures and organization in accordance with relevant parts of the standard, ISO/IEC 17025:2005.

On this basis, it is hereby confirmed that the laboratory is considered qualified for testing the above mentioned type of products/standards, and that Nemko according to the terms of the agreed program normally will accept the test results of this laboratory as partial or complete basis for Nemko product certification.

*This Authorization is valid until 2010-10-10  
and replaces the former version.*
